

PREPARE TO BE FLOORED.

Cherry Traditional

Known for its remarkably attractive figure and subtle beauty.

Sapwood is creamy-pink and clearly defined from the heartwood which is a pale pinkish-brown, eventually maturing to red-brown. With its fine, even texture and clean workability, cherry was the cabinet lumber of choice for colonial furniture and cabinet makers as well as the renowned Shaker craftsmen of 1800's.

Flooring/Paneling

Great on walls and ceilings, perfect for floors!
