## Old Growth Hardwood Cherry Specifications

**Grade: Country Select**

**Product: Old Growth Hardwood Cabinet Lumber**

**Old Growth Hardwood Cherry Description:** Sapwood is creamy-pink and clearly defined from the heartwood which is a pale pinkish-brown, eventually maturing to red-brown. One of the most sought after domestic hardwoods, cherry is known for its remarkably attractive figure and subtle beauty. With its fine, even texture and clean workability, cherry was the cabinet lumber of choice for colonial furniture and cabinet makers as well as the renowned Shaker craftsmen of the 19<sup>th</sup> Century.

**Old Growth Hardwood Cherry Specifications:** A formal grade containing less than 10% defects and a mixed grain content. Heartwood and Knot content varies.
