

PREPARE TO BE FLOORED.

Grey Barn Wood Siding

Silver grey exterior planks weathered to perfection!

Grey Barn Wood Siding is derived from the exterior of barns and rural structures throughout the country. Due to the weathered surface of barn wood siding, differentiation between exact softwood species is difficult to discern and color/tone is the most common form of grading barn wood siding.

Sizes

Thickness 3/4"+/-
Widths Random width 4"-10" or all wide plank 10"-12"
